l. In our discussion of 22 May you recommended that a meeting be set up to include representatives from Brookings Institute, OTR and the OGC to discuss and ascertain Brookings attitude about the proposed unclassified revision and updating of "Where's What." The real thrust of the meeting was to see whether Brookings believed that it had a proprietary interest in "Where's What" as a result of compiling the book while in attendance at Brookings from 15 March 1965 to 15 March 1966.
